

Bison's iconic Chocolate Stout was once referred to as "Barry White's voice in a bottle—a dark, slow-pouring aphrodisiac of the smoothest proportions." We put this oh so luscious "voice" into Rittenhouse Rye barrels, making it more sensual, sexy and seductive than ever before.

Barry White's Voice in a Barrel is delicately balanced, medium-bodied with pronounced notes of spice, toasted oak, vanilla, dark chocolate and espresso. Qualified to satisfy you.
